

School Community Council Minutes  
January 21, 2020

Excused: Shea Bradshaw, Jennifer Dunn, Lorraine Davis

1. Welcome
  - a. Pledge - Savannah Davies
  - b. Thought - Shauna Warnick
    - i. Shauna shared about a book she has been reading titled *Waking Up White*, and how that ties to our current culture today. One of the takeaways was that sometimes we avoid conflict because we are unwilling to be uncomfortable. But when we accept conflict and try to work through it with vulnerability that we can better understand each other and move forward
  - c. PTSC
    - i. They are working on Valagrams during the next month
    - ii. Look into ideas for having an on-site printer to prepare grades for parent-teacher conferences rather than printing all students' report card
2. Trustlands Goal #2
  - a. The committee reviewed goal #2
    - i. Determined a few measurement indicators
      1. Attendance
      2. Concurrent and AP enrollment increase
      3. ACT Prep class enrollment
      4. Tracking/study skills enrollment
        - a. Credit recovered number
    - b. They agreed that they wanted to look into continuing this goal for next year's plan
3. MMHS Highlight
  - a. Kurt Krieger-James, administrative intern, shared about the diverse populations at our school and some of the programs we have set up to address their needs
    - i. SPED, ELL, race demographics, economically disadvantaged, gifted, etc
    - ii. Whites brought up that our tracking programs and goals address a lot of those groups' needs, and that goal #2 for Trustlands helps do that
4. Items/Concerns
  - a. Committee postponed the conversation on mental health to next month when Lorraine and Shea are back
  - b. DeAnn reported that the school has decided to not move forward to a 1-to-1 model for the time being with chromebooks
    - i. Shauna asked if there were any problems with students not having devices at home and if they can check them out--they can check them out but they have to have wifi; the administration and counselors work with students one-on-one if they have need for wifi outside of school in order to do school work

- c. Shauna brought up that a text was going around about a suspension; DeAnn said that students don't always stay confidential when they are supposed to
5. Assignments
- a. Pledge - Christy
  - b. Thought - Shea
