***IMPORTANT ATTENDANCE INFO:** Parents -- If your student needs to check-out at a certain time, you have a couple of options to expedite their check-out:

- 1) send a note to school with your student, which they show to the teacher of the period they need to check out of, then take the note to the attendance office to be excused; or
- 2) call the attendance office ahead of time and we can get a note to your student to check out.

Please remember that if you have a specific time you need your student to check out, it is best to call the attendance office first thing in the morning, if possible. Just remember to call in advance to allow adequate time for us to get a note to check out your student.

Our school policy is to not disrupt classes by calling over the intercom into classrooms to release students, but to send a note to their class requesting they come to the front office to check out.

Please understand that when students are checking out of a PE class, a dance class, a woodshop or welding class, classes held in the portables, etc., it may take longer to have your student come to the front office to check out, so please plan accordingly.

We do our very best in trying to check students out for our parents as quickly as possible, but your assistance in calling ahead of time helps so much, especially if you are running on a tight schedule. Please feel free to contact our attendance office if you have questions. Thanks so much for your cooperation!
