**REGION VIII
SPORTSMANSHIP AWARD**

In an effort to recognize and promote good sportsmanship, the Board of Managers has established the Region VIII Sportsmanship Award to be presented after the Fall, Winter, and Spring sports seasons. For each season, the selected school will receive \$200. In the event of a tie, both schools will be recognized and they will split the \$200.00. The criteria for selection are:

1. Enthusiasm at school events.
2. Good Sportsmanship at events. This includes crowd, competitors, and coaches.
3. Absence of negativism (booing, derisive or profane cheers, graffiti, or destruction of school property). No jumping on bleachers.
4. Positive efforts by spirit groups (cheerleaders, drill team, band, student council) to promote a positive environment for competition.

Selection:

Each school will have one vote for each sport season, i.e. Fall, Winter, Spring (you may not vote for your own school).

**STATE BOARD OF EDUCATION
2017-2018
STANDARDS & GUIDELINES FOR STUDENT EXTRACURRICULAR ACTIVITIES**

The central purpose of schooling is the academic program of studies for students. However, supportive to the instructional program is a diversity of school sponsored student activities that are frequently an extension of the academic program. They include such things as musical and dance performing groups, forensic and sports teams, student publications and government, clubs and social activities, etc. Those involved in student activities generally achieve better grades, attendance, citizenship, and personal discipline than do non-participants.

Because of the intense interest in and value placed on student activities, it is not uncommon for some excesses and abuses to surface which may detract from the central purpose of schooling. Keeping the academic program and the student activity program in perspective is the rationale for the following standards and guidelines:

STANDARDS

1. Schools are prohibited from scheduling full-year fitness and movement (physical education/athletic) classes for specific school teams. In schools where in-season fitness and movement (physical education/athletic) classes are scheduled, such classes shall not be used to violate the starting and stopping dates for practice and competitive play as prescribed by the Utah High School Activities Association. This standard is aimed at helping restore equity to high school competitive sports programs.
2. All head coaches must either hold a current Utah Secondary Teaching Credential (PE/Coaching Major or Minor) or must have successfully completed the state sponsored UHSAA/USOE

coaches training . Aides and/or paraprofessionals employed or used in coaching assignments must also meet the requirements of the UHSAA/USOE coaches certification program (see the UHSAA handbook).

3. School personnel, activity leaders, coaches, advisors, etc., shall not require students to attend out-of-school camps, clinics, workshops, etc., for which they, activity leaders, coaches, advisors, etc., receive compensation from a source other than the school or district in which they are employed.

GUIDELINES

1. Local boards of education and district superintendents should continually reaffirm the central purpose of schooling -- the academic program of students. Extracurricular activities should be just that, extracurricular, and should support the academic program.
2. Local boards of education, superintendents, and school principals are urged to guarantee a productive instructional setting for students who remain behind while their classmates and teachers are gone for participation in extracurricular activities. The "warehousing" of students not involved in extracurricular activities negatively compounds the differences between students involved and those not involved in extracurricular activities.
3. Local boards of education and district superintendents are urged to disapprove travel for extracurricular activities that would result in teachers and students being gone for more than three consecutive school days. Preferably, approved out-of-state travel for extracurricular activities will be limited to summer months or other times when school is not in session.
4. Local boards of education and district superintendents are urged to disapprove all travel, trips, excursions, appearances, cruises, etc., which are sponsored by commercial interests for profit. Such travel, while often popular with students and patrons, represents a serious misuse and manipulation of schools and students. Approved in-state and out-of-state travel for extracurricular activities should involve students in verified and documented educational experiences.
5. It is recommended that the Utah High School Activities Association and local schools and districts continue their practice of delaying the starting time for extracurricular activities until after school. In addition, the periodic realignment of the regions of the Utah High School Activities Association should continually seek to reduce travel and time out of school for students and teachers.
6. Region VIII recognizes the importance of Utah Code 53-11-908 with the intent to promote good sportsmanship.

**POLICIES AND PROCEDURES FOR ATHLETIC CONTESTS

General Guidelines and Policies

1. UHSAA STATE EVENT GUIDELINES

In the chart below, **ONLY** those items marked "Yes" will be allowed as support items at all UHSAA state tournaments and meets. It is recommended that schools follow these same regulations during regular season and region tournament play. Sportsmanlike vocal cheering and support from team bench area are encouraged.

2. The throwing of any objects by spectators will not be allowed at athletic events, including confetti, torn paper scraps, crepe paper, toilet tissue, mini-balls, frisbees, etc.. (Violating schools may be fined)

3. The use of laser pointers is forbidden at all region events. The laser pointer will be confiscated and the spectator will be ejected from the event.
4. Constructive, positive signs and posters may be used by the home team. All derogatory signs are prohibited. No hand held posters are allowed. School flags are permitted at outdoor events on your own side line.
5. Moratorium: No practices or games may be scheduled during the officially established moratorium dates unless a request has been made to and approved by the UHSAA.
6. Breach of contract: In the case of breach, the region board of managers shall have the authority to assess a penalty and or fine, not to exceed \$1,000 per game against the offending coach and/or school.
7. Spectators are not allowed on playing fields or courts at anytime, including halftimes and before and between games unless under the direction of the administration. For the safety of officials and visiting teams, post game demonstrations on the floor or the field are not allowed. Demonstrations meant to taunt or demean the opposing team are prohibited.
8. Children under high school age are discouraged from being on the sideline, court or playing field.
9. Placement of visiting student body, pep squad, cheerleaders, and drill team is at the discretion of the host school. Spectators in the student section are not allowed to sit on the front row or stand on the floor in the gymnasium. Jumping on bleachers is discouraged.
10. Schools that violate region rules may be fined. The amount of the fine to be determined by the Region Board of Managers.
11. A well-planned flag ceremony should be encouraged prior to start of the event.
12. Each student body is to exhibit good sportsmanship. The administrators and advisors are, in the interest of proper education, to stress positive sportsmanship. Schools are encouraged to read a sportsmanship statement at all varsity athletic activities. An example is given below:

Good evening ladies and gentlemen; welcome to today's contest between (Visiting team/mascot) and (host school/mascot). On behalf of the faculty, staff and student body of (host school) we remind you that the ideals of good sportsmanship are a major part of this contest. Each of us should make every effort to promote this goal. Please stand and remove your hats for the presentation of colors.

13. All dressing room facilities must be left in a clean and orderly manner. The visiting head coach is responsible to check the facilities prior to departure.
14. Unless there are more than 50% of Region schools participating, no new state sponsored activity will be added.
15. In case of scheduling conflicts, region and varsity events take precedence over non-region events and activities/practices. Students should not be penalized for missing non region events or practices due to participation in scheduled region events.
16. Tournament entries will be determined by the win/loss record in Region play. In the event of a tie between teams qualified for state tournament positions, the seeding will be determined by the win/loss record between the teams involved. If the seeding is not resolved, the seeding will be determined by head to head records against the team with the highest finish (Region Champion). If that does not break the tie, success against the next highest finisher will be compared. This process will continue on down through the entire region standings in an attempt to break the tie. If the tie is still not broken by this procedure, teams will conduct a coin toss to determine seeding.

Coin Toss Procedure: A representative from each of the involved schools and the Region representative over the activity or his/her designee must be present. In the case of two teams, the Region representative flips one coin after one school has called a side. The winner of the flip gets the higher seed. In the case of three schools, each school's representative flips a coin simultaneously until an "odd" outcome is determined (one coin not matching the other two). The "odd" school gets highest seed and the remaining two teams conduct a two team coin flip to determine the remaining seeding.

Note: See guidelines B and C below for specific coin toss procedures for possible entry or non-entry scenarios.

In the event of any tie that would determine entry or non-entry to the tournament, play-offs will be held with the following guidelines:

If there is a tie between two teams with one available tournament slot, they will play each other with the winner earning the tournament entry. Head to Head outcomes if possible, will be used to determine home field for outdoor events, Head to Head will be first consideration then a coin toss will be utilized for hosting indoor events.

If there are three teams tied for one available tournament entry slot, a three way coin flip will be held. The "odd" team will have a bye and the other two teams will play. The winner of that game will play the bye team in a partial contest. The winner of that game will then get the tournament entry slot. Head to Head outcomes will be first consideration if possible, will be used to determine home field for outdoor events while head to head outcomes will be utilized if possible for indoor events, then a coin toss if needed.

If there are three teams tied for two available spots, there will be a three- way coin flip; "odd" team gets the lower seed, the other two teams play for the remaining state tournament seed. Head to Head will be first consideration for home field, if Head to Head does not determine home site, then a coin toss will be used if needed.

Check Guidelines for each activity, ie, soccer and football,

When four teams tie for two spots they will draw for pairings then two winners flip for seeding. In the event of a tie involving more than three teams, the Region Board of Managers will determine an acceptable tie breaking procedure. The administrator with responsibility for the event as listed on Page 2 of the Region handbook will make a proposal for consideration by the entire board.

4-way coin flip (each school flips a coin, heads to heads match up, tails to tails match up. If it's a 3-1 coin flip, odd man sits out until another odd flip occurs), head to head criteria used for home site.

If head to head does not determine home field a coin toss will occur.

17. Unless stated otherwise in this handbook, region scheduled outdoor afternoon events will begin at 3:30 p.m. (exceptions to be approved by both Principal's and the manager over the activity).
18. A change of time or date of an activity may be affected only through mutual agreement of both school's principals or their designee. The host school must notify the arbiter of the change in time for him to notify the officials. The host school must also notify other Region VIII schools unless postponement is weather related.

19. Host school and visiting team own the rights to video production of all events. The region retains the rights to Region Championship competitions. All radio and television stations need to get prior approval from the principal or designee before broadcasting an event.

All region teams may film at other region schools for scouting purposes for all sports. See UHSAA handbook for filming guidelines.

VARSIITY

Dual meet value -- \$49.00
2 Duals-Double dual-\$98.00
3 Duals-Tri-dual-\$147.00
4 Duals-4 team tourney-\$196.00
12 Duals-8 team tourney-\$588.00
21 Duals-12 team tourney-\$1,029.00
29 Duals-16 team tourney-\$1,421.00

JR.VARSIITY

Dual meet value -- \$35.00
2 Duals-Double Dual-\$70.00
3 Duals-Tri-dual-\$105.00
4 Duals-4 team tourney-\$140.00
12 Duals-8 team tourney-\$420.00
21 Duals-12 team tourney-\$735.00
29 Duals-16 team tourney-\$1,015.00

Each dual match for varsity averages to \$3.50 per match, a J.V. match equals \$2.50 per match. The total pay is calculated by multiplying these figures by the number of duals occurring in the tournament; for example, a normal dual match is 14 bouts x \$3.50=\$49.00. The total may also be calculated by taking the number of duals in one bracket in a tournament, (a 16-team tournament has 29 duals in a bracket), multiply that number by \$49.00 and it totals \$1,421.00. That figure is divided by the number of officials in the tournament. Mileage is added to each official as well.

- A. Dual meet values will dictate the cost of ALL tournaments except the state Meets.
- B. ADD .34 cents (driver) .05 cents (rider) for each mile over 50 miles to all dual meets and tournaments.
- C. Byes in tournaments may be deducted out of the pay but exhibition matches will be paid \$2.50/bout.

GENERAL PAYMENT INFORMATION

Officials shall be paid at the contest site prior to the start of the contest or may be paid by mail after the contest. The principal at each school has responsibility to ensure that all officials are paid as required.

Officials shall receive one fee per contest.

Officials and schools assigned by the UHSAA shall not be permitted to negotiate fees or mileage other than as printed in this manual and in the UHSAA constitution and By-laws.

Should a contest be stopped because of conditions beyond the control of the officials (weather, power outage, etc.) before the contest is one half completed, or the contest is not started after the officials arrive at the site, the officials will be paid one game fee which they will divide. Each official will receive \$10.00 for mileage. Should the contest be more than one-half completed, the officials will receive the standard amount paid for a completed game.

MUSIC GUIDELINES
2017-2018

REGION ACTIVITY CHAIRPERSON: Shea Bradshaw, Maple Mountain

Where possible, schools who host Solo and Ensemble get a two year rest before hosting the same event again.

1. The **publicity** is the responsibility of the host school for each festival and specifically requires an announcement of the festival before it takes place. A summary of the results should follow the festival. The summary will be completed by the festival chairperson and sent to the Region Music Chairperson.
2. The **host school** should pay the adjudicators and then bill the Region for reimbursement. The region will pay \$100 for a hospitality room at region solo ensemble events.
3. **Participant schools may award a certificate to each solo and each ensemble entry that earns a one rating.** Each school may issue the Region Certificate after completion of the festival.
4. The **maximum number of people permitted to perform** in an ensemble must be consistent with the maximum number permitted to perform in an ensemble in the State Music Festival.
5. The host school will provide **information on starting time**, procedures, list of suggested judges (for approval), adjudication, etc. (at least ten (10) school days in advance).
6. The host school must see that **adjudicators understand** that they accept the **responsibility to name superior groups** for state participation.
7. Every school receiving a "Superior" rating should also be recognized.
8. One of the most worthwhile experiences to come from participation in the Region Music Festivals is the opportunity to hear and see other students perform and remain to the end of the festival. Instrumental and choral groups are expected to see and hear at least two other schools perform, due to the length of instrumental performances. If you are sponsoring a music festival (whether instrumental or vocal), please **provide sufficient supervision** to help encourage students to stay in the performing areas. Also, please provide proper seating facilities for all participants. Music directors should be careful to instruct their students to remain in the performing areas while students from other schools perform their numbers. Students remain in performance clothing in performance areas.
9. Eligibility list due date for the State for Music is February, 2017

MUSIC PROCEDURES
2017-2018

1. Eligibility:
 - a. Large Group Festivals: All high schools in the Region will be eligible to enter groups in any of the festivals.

2. Hosting the Festivals:
 - a. Schools will alternate in hosting the festivals.

 - b. Responsibilities of the host school:
 - 1) Arranging for facilities for the festival
 - 2) Publicity for the festival
 - 3) Programming the festival
 - 4) Notifying each school in the Region of the festival
 - 5) Arranging for adjudicating for the festival
 - 6) Sending a copy of the UHSAA regulations concerning music and music festivals to the adjudicators at least one (1) week prior to the festival and informing the adjudicator of the procedures and rules concerning music festivals in Region VIII.

3. Adjudicating Festivals:
 - a. The host school will have the responsibility of presenting a list of potential adjudicators to the directors.

 - b. Fee for adjudication: Adjudicators will be paid at the rate of \$140.00 per day or \$90.00 per half day plus mileage. If their combined travel and adjudication time is less than 7 hours, they should be paid for that portion of their time that is used. Mileage will be \$10.00 plus .40 per mile over 100 miles round trip.

 - c. Number of adjudicators:
 - 1) Instrumental Solo Ensembles - one adjudicator per thirty (30) entries, number of entries to be determined by each school director. (Each school should inform the Festival Chairman two (2) weeks in advance of the number of entries they intend to enter.) The host school and the Region Chairman may regulate the number of entries if necessary.
 - 2) Vocal Solo/Ensemble (16 entries), Piano Solos (5 entries) - one adjudicator per thirty (30) entries, number of entries to be determined by school directors. (Each school should inform the festival chairman two (2) weeks in advance of the number of entries they intend to enter.) The host school and the Region Chairman may regulate the number of entries if necessary. Quality required, not numerical limits for Vocal Solo/Ensemble entries
Guideline – no more than 5 piano solos per school.
 - 3) Jazz Instrumental - three (3) adjudicators
 - 4) Concert Bands - three (3) adjudicators
 - 5) Orchestras - three (3) adjudicators
 - 6) Marching Bands - three adjudicators

7) Concert Choirs - three adjudicators

4. Ratings and Special Recognitions:

- a. All entries in the festival will be adjudicated as follows:
 - 1) Each judge will give a rating (1 through 5) on each ensemble (no points). He may use "+'s" and "-'s" with the exception of "I+".
 - 2) Adjudicators will not be required to use all steps in the adjudication scale and may rate as many groups in the same division as the standard of performance dictates.
 - 3) Groups wishing to play for criticism only, must so state prior to the festival to the host school chairman.
- b. Participant schools may award Division Certificates to each ensemble or individual who earns the rating of "Superior."
- c. Memorization of solos: Vocal students will be expected to memorize solo in order to receive top ratings in the festival. However, exceptions to this rule may be granted if (in the mind of the adjudicator) the solo does not lend itself to memorization - either because of the length of the piece or because it is really an ensemble type piece with the piano accompaniment. Memorization of the instrumental solos is optional.
(Vocal Students)

5. Additional Information:

- a. Each school must inform the Festival Chairman of the host school one week (7 days) in advance of the number of entries they intend to enter. Schools not notifying the festival chairman of the number of entries may not be permitted to participate. It is the responsibility of the music teacher and principal of each school to see this deadline is met. Schools not meeting this deadline will be notified by the Region VIII Music Chairman at least one day prior to the festival that these names were not submitted and therefore, the school may not be permitted to participate.
- b. A time for the choir festivals is established as follows:
 - 1) Each school will be allowed thirty (30) minutes per group. This includes getting on and off the stage. It is the responsibility of each music director to stay within these time limits. The school hosting the festival should pull the curtain on any school not staying within these limits. (Except for Training Choir Festivals)

6. Certificates: One certificate will be awarded to the following for all "Superior" ratings:

- a. Concert Bands - One certificate per each superior band
- b. Large Vocal Groups - One certificate per superior group
- c. Instrumental Jazz Ensemble - Individual certificate
- d. Vocal Jazz Ensemble - Individual certificate
- e. Chamber Choir (Madrigals) - One certificate per choir
- f. Orchestra - One certificate per orchestra

Beginning Practice Date: **Monday, Feb 26 Boys**
First Game may be held: **Monday, March 5**

1. When weather conditions make playing of games impossible, the home schools will notify the visiting school by 1:30 p.m. if weather conditions are questionable, final determination will be made by consent of both schools. If the two teams cannot reach a consensus prior to game, the referee shall make the final decision.
2. In the event of a game cancellation due to weather or field conditions, the game will be made up on the earliest available date by mutual consent of both schools involved.
3. Varsity game times for girls will be at 4:00 p.m. Varsity game times for boys will be at 4:00 p.m. All JV games will commence no later than 15 minutes after the end of the varsity game.
4. The number of games to be played, including both non-region and region games, will match the limit set by UHSAA, which is currently sixteen (16), not to include state tournament games.
5. Region standings will be determined by points earned for region match results. Region win = 3 points, region draw = 1 point, region loss = 0 points.
6. Varsity matches will consist of two forty-minute (40) halves. Junior varsity matches will be of the same length unless shortened by weather or daylight visibility, as per referee decision.
7. As per UHSAA rules, in non-region and region play, when a game ends in regulation time with a draw, two ten-minute (10) "sudden victory" overtime periods will be played (Golden Goal). If the match plus the overtime periods still results in a draw, the game shall end. There will be no shootout.
8. The region match points results will determine qualification and seeding for state tournament representatives from Region VIII. Refer to the Region VIII Handbook for tiebreaker procedures.
9. The home team must wear white jerseys and the visiting team must wear dark jerseys as per NFHS rules. Socks must match the color of the jersey being worn.
10. Academic All-Region selections will be senior varsity players who have a 3.7 or higher cumulative GPA. Schools will present their own awards. Region VIII certificates are available

for use by the schools. Nominations for Academic All-Region need to be submitted to the region chair in a timely manner.

11. Each school in Region VIII is expected to participate in a JV schedule. JV games that end in a draw will not go to overtime periods unless mutually agreed upon by the coaches of both teams prior to the match beginning. If no notice is given of no JV team a fine may be imposed.
12. The fighting rule, as found in the UHSAA Handbook and in the NFHS Officials Rulebook, will be strictly enforced. Any coach, player, or bench personnel ejected by an official for unsportsmanlike behavior or violent conduct shall be suspended from the next regularly scheduled game at that level of play and any intervening level of play:

Examples:

- A. If ejected from a JV game, the individual cannot participate in either the following varsity game or the next JV game.
- B. If ejected from a varsity game, the individual cannot participate in either the following JV or the next varsity game. If the coach or participant is involved in a second incident/ejection, he/she will be suspended for the next two regularly scheduled games. A third ejection will result in suspension for the remainder of that season. Ejections occurring on the final game of the season will carry over for all underclassmen to the first game of the succeeding season in that sport.

13. From the Region VIII Handbook, page 5, each student body is to exhibit good sportsmanship. The administrators and advisors are, in the interest of proper education, to stress positive sportsmanship. Schools are encouraged to read a sportsmanship statement at all varsity athletic activities. An example is given below:

Good afternoon ladies and gentlemen; welcome to today's contest between {Visiting team/mascot} and {Home school/mascot}. On behalf of the faculty, staff and student body of (host school) we remind you that the ideals of good sportsmanship are a major part of this contest. Each of us should make every effort to promote this goal. Please stand and remove your hats for the presentation of colors.

14. Spring breaks for the districts in the region are:

Nebo	April
Wasatch	April
Provo	April
Alpine	April

15. The top teams qualify to go to the playoffs. Refer to the Region VIII Handbook for tie breaker procedures.
16. All region soccer teams are to recognize outstanding varsity players of any grade who finish the season in good standing. After the last region match Region VIII head coaches will select the players for this recognition. After the All-Region teams (1st Team, 2nd Team, Honorable Mention) have been selected the list will be given to the Region Chair to be put in the local

papers. The first-place team is allowed five players, the second place team is allowed four players, the third and fourth place teams each select three players, and the fifth, sixth, and seventh place teams each select two players for the teams. Coaches will also select an Offensive MVP, a Defensive MVP, a Midfielder MVP and an Outstanding Goalkeeper for the region. Nominations will be submitted to the region chair and then head coaches will make a final vote via email. If a meeting is necessary a time and location will be determined.

17. Moratorium period applies to all current 9th through 12th grade students. During the moratorium time there should be no coach to player contact related to the sport. This includes not observing players perform in that sport. For Two Week prior restrictions and dates as well as moratorium dates go to the UHSAA website: <http://www.uhsaa.org/>.

<p style="text-align: center;">TENNIS GUIDELINES 2017-2018</p>
--

REGION ACTIVITY CHAIRPERSON: Paul Barth, Timpanogos

Girls beginning practice date July 31, 2017. First competition may be held August 8, 2017.
Boys beginning practice date Feb 26, 2018. First competition can be held March 5, 2018.

July 17-July 30 – Girls Tennis Two Weeks Prior Restrictions
Feb 12 – Feb 26 – Boys Tennis Two Weeks Prior Restrictions

1. Region VIII will adopt the rules and code of conduct outlined by USTA and ITCA; coaches are expected to keep players and spectators of their school in compliance with the rules and expectations outlined here. Violations of this code could result in a point penalty. Coaching will be permitted during net changeovers and during set changeovers, including a new policy of “continuous coaching” for Varsity and JV players during the 20 seconds in between points. Players may only leave the court between the second and third set or in an emergency situation. Players will be permitted a 10 minute warm-up at the beginning of each match.
2. The best singles player must be in the number one slot, the next best singles player in the number two slot, and so on. The same policy must be used for doubles. The best player may play either first singles or first doubles.
3. In case of a substitution, players do need to be moved up in skill order.
4. The Region Team Championship will be determined by the results from the Region Dual meets. In the dual meets, one (1) team point will be given the winners of the five matches. A team could receive 0, 1, 2, 3, 4, or 5 points per dual match.
5. Players will be seeded according to their record at that position but consideration regarding any conflict may be addressed at the Coaches Meeting prior to Region Tournament.
6. High school tennis players must compete in a minimum of (5) matches during the high school season with at least (2) of those matches in the preseason in order to compete at the Region tournament. This includes matches at the varsity or junior varsity level and in the singles or doubles category. Injury or special situations will be considered but must be approved by the Region VIII tennis chair prior to the student athlete participating in the Region tournament. The philosophy that the best player should compete in any given category, i.e., first singles, second singles, etc, is still appropriate. Stacking is not permissible and could result in Region VIII action. If a coach suspects that another coach is stacking their players to gain an advantage, the coach will immediately contact the Region tennis chair who will contact the coach in question and ask for documentation or other evidence or proper player placement.
7. All Region matches will begin at 3:30 pm.
8. All Region matches will be played on the date scheduled unless weather or other conditions require a change. The coaches involved will determine the new playing dates required. Host coach will be responsible for contacting the coach of the visiting team about playing conditions no later than 1:30; conversations between coaches are encouraged to guarantee good communication regarding the match play.

9. Medals will be awarded to Region VIII Tournament 1st -4th place players. These players will go on to be seeded for the State Tournament. A trophy will be awarded to Region VIII Season Champions and a trophy awarded to Region VIII Tournament Champions. Academic All-Region honors will be presented before the tournament begins. All players with a 3.75 Cumulative GPA are eligible for this honor.
10. The home team will provide the tennis balls for the match.
11. Coaches will provide a written line-up of players by position as they arrive for all dual matches.
12. Each team should wear proper tennis attire. This includes school identification which can be by letter or name. Teammates should wear the same style and color of shirt. Team uniforms with school identification are required for region and state tournaments. Coaches and Assistant Coaches should also wear identifying shirts.
13. Fourteen matches are allowed per individual. The number of matches counted for a tennis tournament shall be equal to the number of days scheduled for the tournament; e.g.; a one day tournament shall count as one match, a two day tournament shall count as two matches, etc.
14. A maximum of 2 designated coaches are allowed for Region VIII varsity play. Additional coaches are subject to approval if the Region Tournament is held at two separate sites. The number of coaches designated for Junior Varsity matches will be decided before the matches begin.
15. Dead time period applies to all current 9th through 12th grade students. During the dead time there should be no coach to player contact related to the sport. This includes not observing players perform in that sport.

Tennis dead time: November 21-Jan 1 with an All-Sport Summer Moratorium held July 2 - July 8, 2017.

16. Tennis Academic All-State nominations can now be submitted by parents or coaches on RegisterMyAthlete. Guidelines are online at uhsaa.org.

Boys: Mar 14 – April 10, 2018
