Lorraine asked about preparing students for the ACT – many students have a great GPA but their ACT score is too low to qualify for many scholarships. She asked if there could be an ACT prep class as an elective to help the students prepare for the test and qualify for more scholarships. Rachelle discussed that the English department is introducing more ACT prep testing to help them prepare. Christy also said a class would be very helpful – her students took outside classes to help them prepare for the test. Rachelle will research the core classes for one that can be offered.

DeAnn discussed the Trustlands proposal for the next school year, and the school improvement plan. She discussed the greatest need is still hiring teachers to reduce class sizes. Also providing support for teachers for collaboration during the summer and attending conferences for additional training on new programs.

Shauna asked if there needs to be a vote today – DeAnn said they need a preliminary approval. Shauna said she likes the proposal , Lorraine asked if there is a way to get more funding for the trackers to help the at risk students, DeAnn said there is other funding that is also used to help fund the tracking. One of the grants has been discontinued but other funding usually is found to help those programs.

Shauna asked if everyone can look over the Trustlands proposal and the School Improvement plan and come prepared to vote on both next meeting.
