Identify the specific financial needs of the team/organization/individuals to be satisfied by this fundraiser. Needs and costs of items must be described in detail rather than simply listing general terms such as "equipment" or "travel" or "team funds."

We have an out of state trip planned for November. We would like to put some funds toward that trip (specifically the transportation costs) in order to bring down the cost of the trip for everyone.

Describe the fundraising activity(ies), including how the money will be collected and accounted for, and identify whether activity is a team/group/organization or individual student fundraising activity.

The activity is to clean the stadium after the Stadium of Fire activity. The firework show ends at approximately 10:30 and we can begin picking up trash and spraying down the stadium. The pay is \$2000 (paid to the school). As noted in the percentages above, we would designate \$400 to the team travel fund. The remaining \$1600 would be divided among the participants (credited to the individual travel expenses for the team trip). For example, if 40 athletes participated, those 40 athletes would each be credited with \$40 for the fundraiser, meaning they would pay \$40 less for their camp or travel fee than the designated price.

Describe any transportation or supervision needed to complete the fundraiser, and explain how potential risks or safety concerns will be addressed.

The only potential safety concern is transportation at that time of night. We are encouraging those with willing parents to drop them off at our gathering place (this will also help with parking). Athletes who are family members and close neighbors may choose to carpool.

I hereby represent that I am the head coach/advisor of the team or organization named above and that the information provided herein is correct and complete to the best of my knowledge. I have read and understand the fundraising guidelines set forth in Nebo School District Policy #KAC, School Fundraising Activities.
