ASPIRE TESTING

During the week of **Tuesday, April 18th to Friday, April 21st**, all of our sophomore students will be taking the ACT Aspire Exams in their core classes. This test is a hybrid of the ACT and Utah State Core. We highly encourage students to give their best effort because this test will give them a predictive score in preparation for taking the ACT next year. Each section of the test will be taken in their English, math, and science classes over the course of these four days.

Like the ACT, the test is timed, and once a student starts each section of the test it must be finished in that sitting. They cannot leave early and come back and finish the section at a later time. We ask for your help in encouraging your student to be on time to all of their classes and to give their best effort on these exams.

Also like the ACT, the ACT Aspire is an online exam and must be taken on a school-issued chromebook. Students will need to bring their chromebooks fully charged and ready to go on the morning of the test. We will have a limited number of chromebooks available for those students who do not have a school issued chromebook that they can check-out through the copy center.

If you choose to not have your student participate in the assessments, this form must be signed and returned to the counseling office at Maple Mountain: [Parental Exclusion from State Assessments Form](#).

UNIVERSITY OF UTAH—STRONG START

The University of Utah is offering a new summer bridge program called [Strong Start](#) for 300 first-year students who are planning to attend the University of Utah. Students will live on campus and enroll in two classes: a math or writing course and a general education course in design thinking. As part of the program, students will be exposed to a variety of campus departments, services, and resources. On-campus housing is an option for students as well.

This program takes place during the second summer session from June 23-August 2. Students will also need to register for one of the June 22-23 New Student Orientation Sessions.

Applications are due Monday April 3rd.

Strong Start is an open University of Utah summer bridge program. Students who are interested in the program but may have financial barriers should fill out both the 2022-2023 AND the 2023-2024 FAFSA. In addition, scholarship money is available for students who identify as low income and first generation who are accepted into the program. More information about costs as well as the application can be found here: [Strong Start - Office of Undergraduate Studies - The University of Utah](#)

IMPORTANT ATTENDANCE INFORMATION

When checking out your student, please call ahead (or send a note with your student) to speed up the check-out process. DO NOT leave a message or send an email for immediate check-out. If you cannot get through on our attendance line, please call the main office and someone will assist you (801-794-6740).

When calling the attendance office please listen to both options. Option #1 is for immediate check-out or to speak with Mrs. Bingham, our attendance secretary. Option #2 is to leave Mrs. Bingham a voicemail to excuse your student. (These messages may be left after school hours and can be excused within 5 days of the absence.) You may also excuse your students by emailing her at cami.bingham@nebo.edu.

For immediate check out please call Mrs. Bingham at 801-794-6740 and select option #1. To excuse your student for past or upcoming absences, please leave a voicemail by selecting option #1, then option #2, or you may email Mrs. Bingham at cami.bingham@nebo.edu. You may excuse an absence or tardy **within five days** and will only be able to excuse five tardies per term. Tardies cannot be excused in between class periods or 2nd or 4th period.

Attendance recovery will still be held in the library computer lab. It will take place every day at lunch and Mondays and Wednesdays after school. Students can also arrange attendance recovery options with individual teachers.

If you or your student feels there was a mistake made on their attendance, please have your student talk with the teacher to have it resolved. For example, if they were present or tardy but marked absent by mistake, they would need to clarify that with the teacher who took roll.

ALC STUDENTS

MMHS students who will be attending the ALC need to be aware of the following:

- Students need to be responsible for communicating with their teachers if they need to leave class early to get to their ALC classes, or if they will be arriving late from their ALC classes. MMHS teachers are very willing to work with students on these types of schedules, so please be sure to communicate with them.
- When our school is on an assembly schedule, please remember that the ALC bell and bus schedule **DO NOT change**. They run on their normal schedules every day!!!
- **The bus picks up our ALC students in the bus lane, which is located at the North end of the school. This is a new bus pick-up and drop-off location from last year so please make note of this update.** Please be prompt when meeting the bus!!! They run on a very tight schedule, trying to pick-up high school students throughout the district and transporting them to the ALC building located in Salem, and cannot wait for students who are running late. Students who miss the ALC bus are responsible for working out their own transportation to the ALC – the bus will not return to pick-up late students.
- We have ALC bus and bell schedules in the front office, and they may also be accessed on the ALC website.
- Please always check in the front office if you have questions or need assistance. The ALC phone number is: 801-423-7029
