

## **MMHS Golden Eagle HighFLIGHTS:**

- \*Maple Mountain High School Takes 5th Place at State Science Olympiad! Last Saturday, April 13, the Maple Mountain High School Science Olympiad team competed at State against 32 other teams from across Utah. Led by physics teacher Kyle Miller, this first year team emerged as number five! Congratulations!
- \*MMHS fielded its first ever Science Olympiad team this year and competed in the state competition at University of Utah last week, bringing home some impressive results. Thirty-eight teams competed and Maple Mountain took 5th place overall! This is a huge accomplishment for a first year team. The results for the individual events are as follows:  
Tyler Mortensen and Sam Dallan - 3rd place, Thermodynamics  
John Baadsgaard and Jacob Searcy - 3rd place, Rocks and Minerals  
John Baadsgaard and Jacob Searcy - 3rd place, Forestry  
Rachel Bybee and Jacob Searcy - 2nd place, Designer Genes
- Science Olympiad is an amazing program that prepares students for future education and careers in science, technology and engineering. The University of Utah awarded three full ride \$60,000 scholarships to the top three competitors as well as more than \$20,000 in smaller scholarships at this year's competition. Needless to say Maple Mountain will be competing again next year! If you are interested in joining our team next year and learning more about this awesome program, please contact a current science olympiad team member, or visit with Mr. Miller in the Physics department.
- \*MMHS Boys Tennis Golden Eagles swept Orem Tigers for a huge 5-0 win on April 18th on Orem's cold and windy home court. JV also won 5-0 including all exhibition matches. Spotlited players include Varsity 2nd Singles Zach Medved who served an incredible ace on match point and 1st Doubles Team Kevin Rose/Andrew Blonquist who out-served and volleyed winners against their opponents. Congratulations to the entire team!
