Identify the specific financial needs of the team/organization/individuals to be satisfied by this fundraiser. Needs and costs of items must be described in detail rather than simply listing general terms such as "equipment" or "travel" or "team funds."

The students sell chocolate bars to friends and family members to help cover the costs of participating in marching band. It covers the participation fee, apparel and fees for travel to and from the state competition in St. George, the band dance, the bands of America competition, food and their hotel costs.

Describe the fundraising activity(ies), including how the money will be collected and accounted for, and identify whether activity is a team/group/organization or individual student fundraising activity.

Individual students check out a box of chocolates from band staff to sell to friends and family. They collect the money and individually bring the money to the finance office at MMHS. The funds are applied to their band fees. This is an individual fundraising activity.

Describe any transportation or supervision needed to complete the fundraiser, and explain how potential risks or safety concerns will be addressed.

Band staff and the Band booster president will check out chocolates to each student. The student is then responsible for selling the chocolates. They will be instructed to sell only to people they know and not go door to door. The student will then pay for the box they checked out at the finance office and present a receipt to band staff before checking out additional boxes of chocolates.

I hereby represent that I am the head coach/advisor of the team or organization named above and that the information provided herein is correct and complete to the best of my knowledge.
